### FlinkMake

19.95

A Flink Grade-Level subscription gives you access to hundreds of educator-created interactive games, e-Books, and fun tutorials that engage kids and enhance learning using FlinkPlay. A FlinkMake subscription enables you to create powerful study aids by customizing games and interactive worksheets with weekly spelling words, math problems and more. You can even make and sell e-Activities online through many different user-generated content communities, like Lulu.com and TeachersPayTeachers.com. Each 1-year FlinkMake subscription lets you make, save, and download your own e-Activities for your own children. You can even share e-Activities with anyone in

communities you create. You can choose from 25 customizable templates to make your own grade-boosting games and interactive worksheets. Make activities for your own children, create activities your students can use at home, and sell your activities through user-generated content communities. Only Flink Learning allows you to play AND make.
